STRATEGIC MOBILITY GROUP
2018 ANNUAL CONFERENCE

SMG3'S 2018 ANNUAL CONFERENCE

Dear Doug Dvorak,

On behalf of Strategic Mobility Group, LLC, we wanted to thank you for a wonderful presentation that truly embodied many of the characteristics we strive for at SMG3. Your lessons on perseverance and giving an extra "one percent" struck a chord with our team, and lead to further conversations on incorporating these qualities into our professional and personal lives.

At SMG3, our mission is to improve lives by breaking down barriers and upholding our core values in everything we do with our team, partners, clients, and in the surrounding communities. We strive for our employees to "Be The Good" on a daily basis, and your presentation provided an excellent example of living the SMG3 lifestyle.

Michael, Nicholas, and Jonah of our Marketing Department would personally like to thank you for taking additional time out of your busy schedule for testing to ensure the Annual Conference would be a success.

You were a pleasure to work with and the entire SMG3 family would like to thank you for inspiring our team, and teaching us how far service and effort can go, while providing a spark of entertainment and humor. Our brand thrives on creating a unique approach and experience for our clients, and the internal motivational principles you discussed will further push our team to a successful 2018 sales year. Your presentation was a welcome addition to our Annual Conference.

Regards,

Nancy Gorski
President and CEO
