

Dear Doug,

I just wanted to thank you for your excellent collaboration in putting together such an inspirational program for our Project Management meeting. You truly captured all of our needs and integrated them seamlessly into the customized program you developed for us.

Your Enhancing Engagement program was precisely what we needed. Not only was the day entertaining and fun, but also a real learning experience that directed us to look within ourselves to get an understanding of what we are passionate about. Everyone left the meeting inspired and motivated.

I really enjoyed working with you and hope we are able to collaborate on a future endeavor.

Kind Regards,

Karen Moody
Principal Global Project Manager
